

# NAPLES FLORIDA MINI REUNION

## Feb. 28 - Mar. 1, 2014

Dick Canton with help from his good wife Perk organized an outstanding gathering for our class in Naples that Happy and I were able to attend this year- only our third Naples Mini. Both Friday and Saturday night dinners were at the Royal Poinciana Golf Clubhouse and were excellent. Friday dinner was very casual while Saturday dinner was quite formal with coats and ties and in a private room with round tables for all 35 attendees as shown on the next page. An outstanding slice of roast beef was served up.

Saturday morning most of us met the Cantons at the front door of the famous Baker Museum in Naples for a very special guided tour of both the Museum and the Philharmonic Auditorium lobby which is directly attached and contains a number of the Museum exhibit items while one floor of the Baker is being updated. While photos are technically not legal in the Museum I did snap a few in the Lobby - particularly of the magnificent two storey high multi piece red glass Chihuly exhibit shown below.

Host Dick Canton talks about weekend details Friday night while 57 Treasurer, Tom Macy enjoys his wine.

In front of the Museum is an all stainless steel "Walking Jackman" statue with six connected bodies.
